In accordance with the General Data Protection Regulation (2018) I hereby agree that the CPR may store my personal information included on this form solely in order to provide appropriate support to me or designated individuals in the event of an emergency or incident affecting me. Except where required by law, the CPR will not share or disseminate this information to parties other than those listed without my express consent and I have the right to withdraw this consent at any time upon giving reasonable written notice.

Whilst we all take as much care as possible when we work on the railway, there is always the possibility that something will go wrong. If something does happen, the home address and telephone number shown above might not necessarily be the appropriate first point of contact.

We are collating details for "the first point of contact in an emergency" and would appreciate your cooperation.

Please provide us with a name (and relationship if any), address and telephone number, or numbers if you wish to include a home, work and mobile number of the person you would wish us to contact. Please do not use a person who is likely to be at the railway at the same time as yourself as the 'Emergency Contact'. The details will not be used to contact your 'Emergency Contact' under normal circumstances and all information will be treated in confidence and will not be kept on computer. We need to know the relationship only so that we know to whom we would be speaking.

Please make sure that the contact is aware that you have given the information to the railway and that it will be treated in the strictest confidence.
