

## Crowle Peatland Railway Health and Safety Policy

Crowle Peatland Railway's statement of general policy is:

- To provide adequate control of health and safety risks arising from our activities
- To consult with volunteers and users on matters affecting their health and safety where appropriate.
- To carry out regular checks on the premises and or equipment to ensure that it continues to be fit for purpose and report any areas of concern to the committee in a timely manner.
- To prevent accidents wherever possible and maintain a log of any incidents and accidents and review them at the next committee meeting.
- This policy was adopted at a meeting of Crowle Peatland Railway on

Date ..... 23 August 2013 .....
